Preface vii

Obituary: J. Laurens Barnard (1928–1991) viii

Comparative fore-gut morphology of Antarctic Amphipoda (Crustacea) adapted to different food sources
by C. O. Coleman 1
Methods for the study of amphipod swimming: behavior, morphology, and fluid dynamics
by M. A. Boudrias 11
Is the oostegite structure of amphipods determined by their phylogeny or is it an adaptation to their environment?
by D. H. Steele 27
The distribution and frequency of the type II microtrichs in somen gammaridean amphipods
by V. J. Steele 35
What can vicariance biogeographic models tell us about the distributional history of subterranean amphipods?
by J. Holsinger 43
Actual state of gammaridean taxonomy and catalogue of species from Chile
by E. Gonzalez 47
Gammaridean and caprellidean fauna from Brazil
by Y. Wakabara. A. S. Tararam, M. T. Valério-Berardo, W. Duleba & F. Pereira-Leite .. 69
Amphipods from hydrotechnical structures in the north-western part of the Black Sea
by R. P. Alexeev 79
Structure of a suprabenthic shelf sub-community of gammaridean Amphipoda in the Bay of Fundy compared with similar sub-communities in the Gulf of St. Lawrence
by A. Chevrier, P. Brunel & D. J. Wildish 81
Amphipod crustaceans as an important component of zoobenthos of the shallow Antarctic sublittoral
by K. Jażdżewski, W. Teodorczyk, J. Siciński & B. Kontek 105
Patterns of abundance of exoedicerotid amphipods on sandy beaches near Sydney, Australia
by A. R. Jones, A. Murray & R. E. Marsh 119
Local distributions of sandhoppers and landhoppers (Crustacea: Amphipoda: Talitridae) in the coastal zone of western Tasmania
by A. M. M. Richardson, R. Swain & S. J. Smith 127
Ingestion of live filamentous diatoms by the Great Lakes amphipod, *Diporeia* sp.: a case study of the limited value of gut contents analysis
by M. A. Quigley & H. A. Vanderploeg 141
A comparison of water loss and gill areas in two supralittoral amphipods from New Zealand
by I. D. Marsden 149
Lack of oxygen and low pH as limiting factors for *Gammarus* in Hessian brooks and rivers
by M. P. D. Meijering 159
Volumetric growth in gammaridean Amphipoda
by D. J. Wildish & B. Frost 171

Respiration of *Orchomene plebs* (Hurley, 1965) and *Waldeckia obesa* (Chevreux, 1905) from Admiralty Bay (South Shetland Islands, Antarctic)
by S. Rakusa-Suszczewski & A. Lach 177
Eco-physiological characteristics of some common caprellid species in the Possjet Bay (Japan Sea)
by S. V. Vassilenko 181
A review of the reproductive bionomics of aquatic gammaridean amphipods: variation of life history traits with latitude, depth, aquatic salinity and superfamily
by B. Sainte-Marie 189
Two types of maternal care for juveniles observed in *Caprella monoceros* Mayer, 1890 and *Caprella decipiens* Mayer, 1890 (Amphipoda: Caprellidae)
by M. Aoki & T. Kikuchi 229
Tube-building behavior in *Grandidierella*, and two species of *Cerapus*
by J. L. Barnard, K. Sandved & J. D. Thomas 239
Precopulatory mating behavior and sexual dimorphism in the amphipod Crustacea
by K. E. Conlan 255
Redescription of *Caprogrammarus gurjanovae* Kudrjaschov & Vassilenko, 1966 (Crustacea: Amphipoda) from Hokkaido, Japan, with notes on the taxonomic status of *Caprogammarus*
by I. Takeuchi & S. Ishimaru 283
A new marine interstitial ingolfiellid (Crustacea, Amphipoda, Ingolfiellidea) from Tenerife and Hierro
by R. Vonk & E. Sánchez 293
